

SUMMARY

Open Advertisement for a Faculty Position of Associate Professor in the Department of Physics, Saga University

1. Outline

The Department of Physics, Saga University, invites applications for one full-time position of Associate Professor.

The Department, which has approximately 160 undergraduate and 30 graduate students including Ph.D. students, is committed to excellence in teaching as well as in research. The Faculty conducts research in diverse areas of physics, including particle theory, cosmology, hadron physics, high energy physics, condensed matter physics, electron interferometry and so on. Detail information can be found at the Department's web site (<http://www.phys.saga-u.ac.jp/english/eindex.html>).

2. Qualifications and Research Fields

Applicants must have a Ph.D. and/or a Doctor of Science or related field degree(s). The Department will consider applicants with a research background in condensed matter physics, especially that related to experimental research utilizing high-energy accelerators.

The successful candidate will be expected to teach effectively not only at the undergraduate but also at the master's and doctoral levels, and to develop active research programs.

3. Language Requirements for Teaching

Japanese language at the standard of a native speaker (speaking, reading and writing) will be essential for teaching at undergraduate/master's levels. At the graduate level, some English language teaching may be feasible.

4. Deadline for Application

September 29th, 2017

5. Commencing Date of the Job

April 1st, 2018

6 Application Documents

Applicants are requested to submit the following documents:

(i) Curriculum vitae, including:

- Photograph
- Contact details (including E-mail address and telephone number)

- List of academic publications, patents and presentations
 - Three representative publication reprints
 - List of acquired research grants
- (ii) Summary of previous research (≤ 500 words)
- (iii) Proposal for teaching and academic/research contribution at Saga University (≤ 500 words)
- (iv) Copy of teaching portfolio or equivalent
- (v) List of academic affiliations, including summary of activities in each of these
- (vi) Contact details (including E-mail address and telephone number) of two references

7. Salary System

Annual Salary System adopted by the “Saga University Regulations about Annual Salary System for Teaching Staff”; Full-time teaching staff members, except for those at the attached schools, working at Saga University at the time when they apply can continue to choose the “Saga University Regulations about Monthly Salary for Staff”.

8. Applications should be submitted via registered mail to:

Professor Sugiyama

Chair

Department of Physics

Saga University

1 Honjo-machi, Saga 840-8502, Japan

Phone: +81-952-28-8537

Fax: +81-952-28-8547

Email: sugiyama@cc.saga-u.ac.jp

9. Others

All documents submitted will be only used for candidate(s) selection. The personal documents will be managed or disposed according to the regulation for managing personal information.

Saga University declares diversity promotion and aims to create gender equality in its educational and research activities.

E-mail applications cannot be accepted.

Note: For formal recruitment purposes, applicants must read the Japanese version of this advertisement (<http://www.saga-u.ac.jp/other/boshu.html>) and fulfill its requirements.

For further information, applicants may contact Professor Sugiyama.
