

The 15th

International Citrus Congress 2024

Human-healthily,
Environment-friendly,
Industry-productively

Nov. 10(Sun) - 15(Fri), 2024

ICC JEJU, Jeju Special Self-Governing Province, Korea

<https://icc2024.kr>

Welcome message

On behalf of the ISC, KSCSCF, and the ICC 2024 Organizing Committee, we welcome you to the 15th International Citrus Congress in Jeju, Korea, from November 10th to 15th, 2024. Jeju Island, with its beautiful scenery and humid subtropical climate, is Korea's largest citrus producer. The congress aims to address climate change and agricultural challenges, fostering collaboration among global researchers and industry experts. We look forward to your participation and the future of the citrus industry.

Important dates

Deadline for Abstract Submission

31st Jul 2024

1st Pre-Registration/2nd Pre-Registration

31st Jul 2024/31st Aug 2024

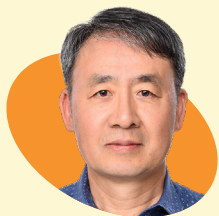

On-site Registration

10th Nov 2024

Deadline for Full Paper Submission

15th Nov 2024

Keynote speakers

Ph.D.
Kwan Jeong SONG

President & Convener of International Society of Citriculture & 15th International Citrus Congress, Jeju, Korea

"Historical Journey and Challenges of the Korean Citrus Industry"

Technical Director,
Aintzane Esturo

IFU international fruit and vegetable juice association

"The global citrus market: challenges and opportunities for the juice processing industry"

Ph.D.
Dirceu Mattos Jr.

Instituto Agronômico de Campinas (IAC)

"Challenges and opportunities in nutrient management for a more resilient citrus industry"

Ph.D.
Jose Blasco

Head of the Agricultural Engineering Centre of IVIA

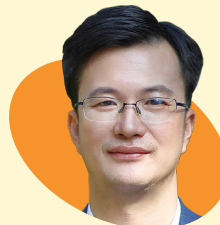

"Sensor-driven precision citriculture: transforming citrus farming for sustainable crop management, enhanced yield and product quality"

Prof.
Fred G. Gmitter Jr.

UF Research Foundation Professor, Citrus Genetics
Citrus Research and Education Center
University of Florida

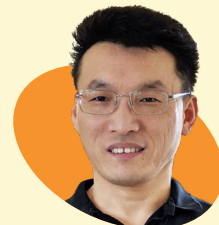

"A Trans-Millenia Perspective on the Genetic Improvement of Citrus"

Prof.
Qiang Xu

National Key Laboratory for Germplasm Innovation & Utilization of Horticultural Crops from Huazhong Agricultural University, P.R. China

"5G-driven understanding of citrus origin, domestication and future breeding"

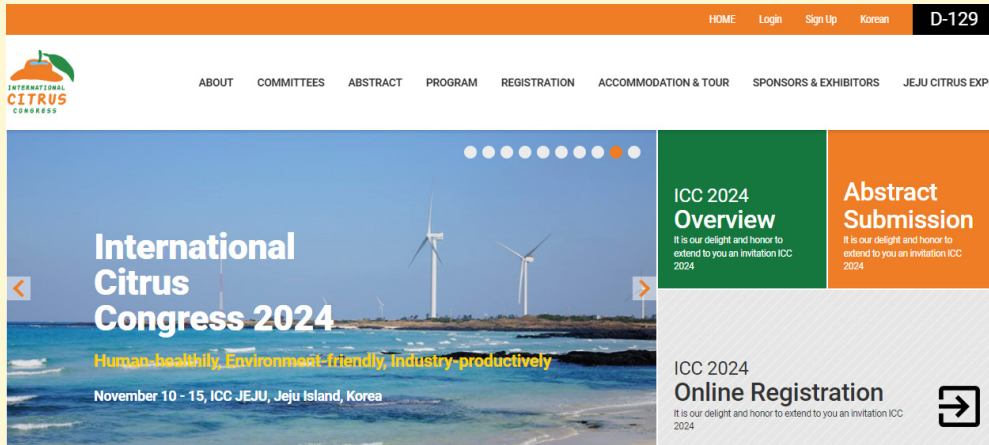

Prof.
Nian Wang

Citrus Research and Education Center, Department of Microbiology and Cell Science, Institute of Food and Agricultural Sciences, University of Florida, Lake Alfred, FL, United States.

"Citrus Huanglongbing is a pathogen-triggered immune disease and progress in developing transgene-free disease resistant/tolerant citrus"

Scientific topics

- Industry & Economy
- Genetic resources & Genomics
- Genetics & DNA markers
- Cultivars & Breeding
- Rootstocks
- Nursery
- Plant physiology
- Climate change & Biotic stresses
- Soil & Water management
- Postharvest & Safety
- Processing
- Pathology
- HLB
- Entomology
- Biotechnology
- Omics
- Agricultural engineering

ICC JEJU INTERNATIONAL CONVENTION CENTER JEJU

Jeju Island, known for its stunning natural scenery and rich culture, is Korea's largest producer of citrus fruits. This beautiful island is a popular tourist destination, attracting visitors with its volcanic landscapes and vibrant local traditions.

Visit to ICC JEJU
